

HP COMPAQ T5735 THIN CLIENT

Powerful, flexible, easy – Innovative!

The HP Compaq t5735, with its AMD Sempron 2100+ processor and a slimmer design, delivers desktop-like performance and support for local applications. The HP t5735 provides convenient access to server-based solutions, HP's Consolidated Client Infrastructure (CCI), Virtual Desktop Infrastructure (VDI) or to a variety of remote client solutions. The HP t5735 is a powerful Debian Linux-based client that supports a variety of open-source applications, creating a new paradigm in thin client computing. Standard features include a familiar interface, Iceweasel (Firefox) browser, latest Citrix ICA and rdesktop RDP clients, native DVI-D and VGA capability, and wide screen support. Maximize functionality with an optional Expansion Module for installing a wide range of devices.

Easy to deploy and manage

- Ready to run out of the box, with a familiar look and feel.
- Reduce the complexity and cost of managing your IT assets with Altiris Deployment Solution. A full license is included with every thin client.
- Easily deploy, configure, and manage software with HP ThinState Tools.

Easy to secure

- Protect your critical user data and applications with lockable user settings, local storage that can be disabled, and optional smart card user authentication.
- A secure USB compartment protects USB options against tampering and theft. Ideal for safeguarding USB wireless and Flash devices.

Easy on the budget

- Enjoy years of reliable use with solid-state design and industry-standard architecture.
- Centralized management and no moving parts means fewer help desk calls, less down time and greater end user productivity

Easy on the environment

- Designed to be energy efficient and with the environment in mind, saving you money.
- HP Quick Release (sold separately) allows many space-saving mounting options – on a monitor, wall, stand, or under a desk.
- Make the most efficient use of space-constrained environments with the HP Integrated Work Center Stand. Easily attach a 17- or 19-inch diagonal HP LCD monitor and HP Compaq Thin Client on a stand for all-in-one convenience.
